

# FIX FORWARD LESSON PLAN

**Name:** My Tool Book

**Grade(s):** 1 - 3

## Lesson Focus and Goals:

This lesson will center on the identification of common tools and their uses in repairing objects around the school and at home.

## Materials Needed:

- copies of *My Tool Book* sheets
- scissors
- colored pencils or crayons
- glue sticks

## Learning Objectives:

Students will be able to recognize and name 16 familiar tools. Students will be able to name objects that may be repaired with each particular tool.

## Structure / Activity:

The instructor holds up an example of each of the tools on the *My Tool Book* sheet. Students take turns identifying each tool. Instructor leads a discussion of the uses of each tool and the kind of items that might be repaired with that tool.

Each student receives a copy of the *My Tool Book* sheet, a pair of scissors, a glue stick and colored pencils or other coloring materials.

The instructor leads the students through the *How to Fold Your Book* instruction sheet. (Link on lesson plan page.)

Students color, cut and paste the tools into their books. They write the names of the tools and note the items that might be fixed with that tool.

## Assessment:

Instructor may review the completed books to evaluate if students have learned the names and uses of the tools.

## HOW TO FOLD YOUR BOOK
